## Subject index to Volume 41

### Acromegaly

- GH secretion, diagnosis and treatment 75
- IGF, IGFBP and age 85
- determinants of outcome and survival 95
- interaction of bromocriptine and octreotide 103
- body composition and octreotide 323
- octreotide treatment, insulin and IGFBP-1 495

### Addison's disease

- prevalence and Synacthen test 757

### Adenoma

- non-functioning, size and glycoprotein hormone  $\alpha$ -subunit 177
- mRNA encoding prohormone convertases 185
- postural test and aldosterone production 309
- pituitary, age and sex relation 359
- aldosterone producing, and insulin sensitivity 433
- p53 gene mutations 809

### Adrenal gland

- assessment in pulmonary TB 53
- tumours and 17-OHP response to ACTH 445
- hyperplasia with myelolipoma in Cushing's syndrome (Case report) 827

### Adrenocortical carcinoma

- suramin efficacy and toxicity 299

### Adriamycin

- and GH in hepatoma (Case report) 397, (Commentary) 402

### Age

- and pituitary adenoma 359

### Aldosteronism

- insulin sensitivity 433

### Alopecia

- endocrine disorders and PCO 231

### Amenorrhoea

- and treatment of osteoporosis 275

### ATP-ase activity

- hyperinsulinaemia and thyrotoxic periodic paralysis 213

### Audit

- insulin tolerance test 123
- imaging 385

### Autoimmune thyroiditis

- and MHC allele in Down's syndrome 381

### Bisphosphonate

- parathyroidectomy and bone loss in primary hyperparathyroidism 47

### Body composition

- and bone mass in women with IDDM 289
- in octreotide treated acromegaly 323

### Bone

- renal Ca leak in post-menopausal osteoporosis 41
- bisphosphonate and parathyroidectomy in primary hyperparathyroidism 47
- changes in osteoporosis after Na<sub>2</sub> etidronate + Ca 245
- mass and body composition in women with IDDM 289
- metabolism and methimazole in hyperthyroidism 421
- BMD in thyroxine treated females 425
- loss and progestogen contraceptive 739
- density in women on L-thyroxine 747

### Bromocriptine

- octreotide interaction in acromegaly 103

### Brown fat

- (Commentary) 149

### Cabergoline

- for prolactinoma (Commentary) 709

### Calcipotriol

- and PTH levels in psoriasis 295

### Carcinoid syndrome

- with intrapulmonary shunting causing hypoxaemia (Case report) 535, (Commentary) 538

### Casodex

- non-steroidal anti-androgen in prostatic cancer 525

### Children

- GH and cortisol secretion 117
- HbE,  $\beta$ -thalassaemia and GH excretion (Letter) 137
- endocrine adaptation, exercise and growth (Review) 267
- GHRHa and growth velocity in short stature 487
- GH, GHBP and IGF-I in IDDM 517
- neonatal primary hyperparathyroidism masked by vitamin D deficiency (Case report) 531
- intranasal hexarelin, GH releasing activity (Rapid communication) 539

### hCG

- and hMG in male hypogonadotrophic hypogonadism 57
- marker for hydatidiform mole 155

### Cortisol

- and GH secretion in children 117

### Cranial irradiation

- and GH secretion 163

### Critical illness

- dopamine and sick euthyroid syndrome in 731

### Cushing's syndrome

- and adrenal androgen and cortisol secretion 795
- adrenal hypoplasia and myelolipoma (Case report) 827

- Cystic fibrosis**  
insulin sensitivity and clearance and glucose tolerance 217
- Diabetes**  
cystic fibrosis, insulin sensitivity and clearance and glucose tolerance 217  
IGFBP-1 response to hypoglycaemia 225  
body composition and bone mass in women 289  
GH, GHBP and IGF-I in IDDM 517
- Dopamine**  
and sick euthyroid in critical illness 731
- Down's syndrome**  
autoimmune thyroiditis and MHC allele 381  
inhibin in maternal serum 483
- Endocrine disorders**  
and PCO with hirsutism or androgenic alopecia 231
- Etidronate**  
+ Ca in osteoporosis 245
- Exercise**  
growth and endocrine adaptation (Review) 267  
and LH in women 787
- Finasteride**  
and prostatic disease (Review) 139
- Follistatin**  
assay 453
- FSH**  
in hypothalamic-pituitary ageing 199
- Genetics**  
amylin/IAPP and calcitonin/CGRP expression in medullary thyroid carcinoma 21  
of calcitonin producing insulinoma (Case report) 257  
and autoimmune thyroiditis in Down's syndrome: the MHC allele 381  
primary hyperparathyroidism and MEN syndrome 415  
and thyroglobulin levels 725  
p53 mutation in pituitary adenomas 809  
GS $\alpha$  and Gi2 $\alpha$  mutations in pituitary tumours 815
- GH**  
in male infertility (Review) 1  
in acromegaly, diagnosis and treatment 75  
in acromegaly and outcome of therapy 95  
infusion and lipoproteins in men 109  
and cortisol secretion in children 117  
excretion in children with HbE/ $\beta$ -thalassaemia (Letter) 137  
secretion, cranial irradiation 163  
effect on SHBG 169  
deficiency, glucose and fat metabolism 315  
age and adult height 331  
administration and metabolic effects 337  
effect on lipids and cholesterol precursors 345  
and adriamycin in hepatoma (Case report) 397, (Commentary) 402  
deficiency in hypopituitarism 511
- GHRHa**  
for short stature 487
- Glucocorticoids**  
and osteoporosis (Commentary) 273
- Glycoprotein hormone  $\alpha$ -subunit**  
and tumour size 177
- Goitre**  
euthyroid with impaired Tg transport (Case report) 129  
<sup>131</sup>I for multinodular non-toxic (Commentary) 713, 715
- Gonadotrophins**  
and serotonergic control in women 779
- Graves' disease**  
thyroglobulin predictor of post-partum (Commentary) 7, 9  
TSAb predictor of post-partum (Commentary) 7, 15  
seasonal variation in diagnosis 27  
effect of immunosuppressive in human/SCID mouse graft 31
- Haemochromatosis**  
idiopathic and mineralocorticoid and glucocorticoid status 439
- HbE**  
 $\beta$ -thalassaemia and GH excretion in children (Letter) 137
- Hepatoma**  
with hypoglycaemia and overproduction of IGF: effects of GH and adriamycin (Case report) 397, (Commentary) 402
- Hexarelin**  
nasal, GH releasing activity (Rapid communication) 539
- Hirsutism**  
endocrine disorders and PCO 231
- Hydatidiform mole**  
inhibin marker (Commentary) 151, 155
- 21-Hydroxylase activity**  
in adrenal tumours 445
- Hypercalcaemia**  
with hypoadrenalism (Case report) 261, (Commentary) 264

## TSAb

predictor of post-partum Graves' disease 15

## Vasopressin

and thirst: mannitol and saline stimulants 207

## Vitamin D deficiency

masked neonatal hyperparathyroidism 531

masked hyperparathyroidism in anti-TB therapy  
(Case report) 831, (Commentary) 837

## Women

predication of post-partum Graves' disease  
(Commentary) 7, 9, 15

renal Ca leak in post-menopausal osteoporosis 41

lactogen bioactivity in lactation insufficiency 193

hypothalamic-pituitary ageing, FSH and LH levels 199

endocrine disorders and PCO with hirsutism or  
alopecia 231

osteoporosis, Na<sub>2</sub> etidronate + Ca 245

treatment of osteoporosis with amenorrhoea 275

skinfold thickness and osteoporosis 283

body composition and bone mass in IDDM 289

pituitary adenoma 359

thyroid in pregnancy 375

BMD in thyroxine treatment 425

lipoproteins in PCOS 463

PCOS, obesity and gonadotrophin and sex steroid  
levels 473

serum inhibin as Down's marker in pregnancy 483

bone loss and progestogen contraceptive 739

on L-thyroxine and BMD 747

melatonin, amenorrhoea and oestrogen concentration 763

inhibin during lactation 771

serotonergic control of gonadotrophins and PRL 779

quinagolide in bromocriptine resistant/intolerant  
hyperprolactinaemia 821
